

## Using *ISPD 2005 on CD-ROM*

There are hyperlinks to the various parts of the individual proceedings: the front cover, front matter, table of contents, technical papers and author index. Each paper is in a file, named for the session in which it appeared at the conference.

There are several ways to navigate through the Proceedings.

**Hyperlinks.** Within the Proceedings, there are hyperlinks to take you from the opening screen to the various sections of the proceedings, such as the table of contents, author index and front matter. Each entry in the Table of Contents is a hyperlink to the first page of that paper. Click on the entry. The Author Index also provides hyperlinks. Each author's name is a link to a paper s/he has authored. Click on the author name or on the page number.

**Bookmarks.** Bookmarks at the left side of the screen have been created for the Proceedings. Click the Bookmarks and Page button or choose Bookmarks and Page from the View menu to display bookmarks for the document. Double click the page icon to the left of the bookmark to jump to the location indicated.

**Toolbar.** To navigate through the documents, you may also use page buttons in the toolbar at the top of the screen. << Click the Go Back button to return to your previous location

> Click the Next Page button to go to the next page of the document

< Click the Previous Page button to go to the previous page of the document

|< Click the First Page button to return to the first page of the document

>| Click the Last Page button to go to the last page of the document

See the online Help for more information on using the Adobe™ Acrobat™ Reader. If you encounter problems using this CDROM see the readme files for your platform (winread.txt, unixread.me or Readme.Mac) on the CD-ROM top-level directory.
